

Air Compressor Bundle for SPFH

An Air Compressor Bundle can be installed on the 7400, 7500 and 7700 Self-Propelled Forage Harvesters to reduce time in cleaning and service of the machine.

Three bundles are available from RCI ENGINEERING LLC to an Air Compressor with the following specifications:

Rated Flow: 6 CFM @ 90 psi

Rated Pressure: 90-115 psi (unloader valve settings)

Reservoir: 30 Gallon.

This bundle is available from RCI ENGINEERING LLC with or without the Air Tank to provide an option to customers who may want to use their own tank. There are also different bundles available depending on driveline configuration for different tank placement.

Bundle RC0157 is used for 7400-7700 SPFH with 4WD and is complete with tank.

Bundle RC0158 is used for 7400-7700 SPFH with 2WD and is complete with tank.

Bundle RC0159 is used for 7400-7700 SPFH and has no tank or lines.

All warranty matters are handled by RCI ENGINEERING LLC.

Visit www.RCIengineering.com for more product information, ordering, and pictures of this bundle.
